Potrero's top cop talks about Crack

By Pat Christensen

There's a crack down on crack dealers in Sunnydale housing project, and according to one resident who asks not to be identified, the daily attacks on drug dealers by the police are having the desired effect.

"I heard a group of dealers talking outside my window the other day," said our informant, "and they were pretty mad. The police activity is cutting into their profits. They said they are losing a lot of money. I've seen more of the bigtime dealers around lately too. They usually stay pretty much in the background, but, I guess, they're pretty upset because 'business is down.'"

Potrero Station Captain John Gleeson meets with a group of Valley activists.

According to Capt. John Gleeson of Potrero Station, "We've got three task forces going into Sunnydale every day. I have eight of my Potrero officers in Sunnydale, seven Honda units and two squads of tactical officers at night. We are working with the narcotics unit and Housing Authority officers. This is a big push.

"Drug dealing is like a cancer. You can't let it spread.

"Now that we have the drug dealers scurrying for cover, I want the people in the neighborhood to come out

We want our neighborhood back!

and utilize the facilities - take back their area. They need to say 'We want our neighborhood back'"

Gleeson says that the police and Housing Authority are working with Department of Public Works to clean-up and paint.

"I feel the gel going.

Three honored for community involvement

By Gerry L. Galvan

Three concepts readily come to mind when the marked improvement in the Visitacion Valley is discussed.

They are: 1) greater residents participation in such community affairs as enlightened education of the people, unadulterated concern for the preservation of peace and order, vigorous contribution to economic and business uplift of the area, or activism, etc. 2) people outreach through church involvement in such activities as weekly bible classes, peacemaking seminars and spiritual revitalization and the like. 3) citizenship development and growth through off campus programs and summer camps, or youth training.

When these three concepts: activism, spiritual revitalization and youth training are brought to mind, naturally such names as Anne Kaartunen of the GRAPEVINE staff, Florence Pewtherer of Saint James Church on Leland Avenue, and Vernon Long director of the recreation program at Geneva Towers, surface.

A note dropped into your reporter's mailbox recently testifies to the worth of Mrs. Kaartunen, Mrs. Pewtherer and Mr. Long. With minor editing, the note is reproduced here.

"Anne Kaartunen and Vernon Long are each recipients of a $50 reward from the members of Saint James Church. September marked a year long commitment by members of the church toward peacemaking in our community. It has been our goal to lessen tension and brokenness in the valley. Anne and Vernon are but two of the many in our area who are doing just that."

"Both of these individuals," the note continues, "have dedicated their time and talents towards helping the

Editorial

The Open Space Acquisition & Park Renovation Program established by voters in 1974 will expire on June 30, 1990. Proposition E on the November ballot, if passed, will extend this vital program.

Supported by a coalition of environmental, open space, childrens' and neighborhood organizations called PEOPLE for S.F. PARKS & OPEN SPACE, Prop E is also endorsed by San Francisco Labor Council, Democratic Central Committee, California Native Plant Society, Alice B. Toklas and Harvey Milk Gay Democratic Clubs and the S.F. Chamber of Commerce.

The extension provided for in Prop E would be different from the existing Open Space Fund. Up to 40% of the fund would be used for the maintenance of the Prop J properties acquired from 1974 through 1991. The remainder of the fund would be allocated as follows: 40% for acquisition and development; 15% for renovation, 25% for administration and maintenance of new acquired properties, and 20% for after-school programs mandated by Proposition D passed in 1986.

The City's Master Plan identifies many needs for open space, parks, recreation programs and facilities.

Prop E will not raise taxes. It allocates a portion of taxes already collected. The proposition also establishes an Office of Volunteer Coordination to oversee and implement the provisions.

The GRAPEVINE urges a YES vote on Proposition E.

From our readers

Based on the principled ethical reasoning of its January 1988 guidelines for public policy, the California Catholic Conference stands firmly opposed to Proposition 102, the mandatory AIDS virus reporting initiative.

The Conference finds that Proposition 102 would fail to contribute to and would actually hinder the three morally legitimate aims of AIDS-related legislation: (1) the prevention of viral transmission, (2) the provision of adequate medical care, and (3) the protection of civil rights.

Proposition 102 would require expensive reporting and contact-tracing that would drive people away from the health care system and research projects, while diverting hundreds of millions of dollars from AIDS research and medical care. The initiatives programs are unworkable as well as costly.

In sum, Proposition 102 threatens to do grave damage to the current continuing effort to contain AIDS.

For these reasons, the California Catholic Conference joins other religious and community leaders in opposing Proposition 102. The measure is morally flawed as well as unsound from a public health perspective.

Toll-free Social Security service line

By Ronald Whang

In today's busy world, many people in San Francisco have told us they enjoy the convenience of being able to conduct their business by telephone.

To serve you better now and in the future, the Social Security Administration has expanded its telephone system significantly.

By dialing 800-2345-SSA (800-234-5772), you can now call us toll-free any time, 24 hours a day, 365 days a year. Call between 7 a.m. and 7 p.m., and you will speak to a live operator. We will take care of your question or request on the spot, or if this is not possible, we will call you back at a mutually agreeable time. If you call after 7 p.m. or before 7 a.m., you can leave your name and telephone number, and we will call you back the next

You will find SSA teleservice especially convenient if you need to change your mailing address, obtain your earnings record, make an appointment to file a claim for benefits, or ask a question.

We want to be ready to serve you at all times without it costing you a cent. Please make a note of the SSA toll-free number and use it when you need to call us.

Remember, Social Security is a package of protection, retirement, survivors, and disability insurance. It protects you and your family while you work and after you retire. Social Security is a base you can build on, now and for the future, with other insurance and investments. Social Security never stops working.

Glassblowing demo

San Francisco glassmaker Shaun Weisbach, a member of BASAG (Bay Area Studio Art Glass), will demonstrate the fine art of glassblowing at his studio, 2377 San Jose Avenue in San Francisco, Thursday, December 1, through Sunday, December 4, from 10 a.m. to 5 p.m. Weisbach, who will also offer tours of his studio, invites the public to share his enthusiasm for hot, handblown glass.

Weisbach, who has received national recognition for his glassmaking, will also be featured in December in an exhibition of glass and ceramics at the California Crafts Museum in Ghirardelli Square. Glass works by Weisbach, including some "seconds" (slightly flawed pieces) will be available for sale during the open house, and holiday shoppers and bargain hunters alike are welcome.

Weisbach's studio is one of five Bay Area studios from Benicia to Berkeley holding open houses and glassmaking demonstrations the weekend of December 1 - 4. For more information please phone 924-2310.

Maxwell named to state Electoral College

Congresswoman Nancy Pelosi, D-San Franicsco, named Enola Maxwell of Potrero Hill to be an elector for this year's presidential election. Ms. Maxwell is the Executive Director of the Potrero Hill Neighborhood House and has served the San Francisco community for over forty years.

"Enola Maxwell has shown her dedication to San Francisco through four decades of remarkable service to the community," said Pelosi. "She is a vivid reminder that participatory democracy is alive and well in San Francisco and I can think of no better person to represent us in the electoral college for this crucial presidential race."

Enola Maxwell marched for civil rights in Alabama with Dr. Martin Luther King Jr., and was a participant in the 1960's sit-ins to integrate businesses in San Francisco. Through her participation in the struggle for black civil rights she came to believe that as long as any community is discriminated against, no community is free.

Ms. Maxwell has served, and still serves, on several city and regional committees, as well as church sponsored committees, and is well respected for her outspoken and direct approach to local problems. Uppermost among her priorities for action are the educating of inner city youth, curbing the spread of AIDS, stopping the epidemic of teenage pregnancies, and improving the economic status of single parent families.

The California Electoral College meets in Sacramento on December 19 to cast its vote for President of the United States.

Heart Association offerings

Stroke group, CPR Classes

Stroke Club is an active self-help group which meets once a month for lectures and discussions on stroke and other topics of interest. It offers a forum where people who have survived strokes can discuss their disabilities and their recovery with each other. There is no charge for participation. (November 2)

Heartsaver CPR classes teach what the cardiovascular risk factors are and how to maintain heart health. The 3 1/2 hour class also explains how to recognize the signs of a heart attack and what to do if someone near you has one. Specifically, the participants learn single-person CPR (cardiopulmonary resuscitation), the technique that can save a heart and a life. (November 2, 10, 16, 19, 20).

Saturday, November 19 Heartsaver CPR class at District Health Center #3, 1525 Silver Ave., 9 a.m. - 12:30 p.m. Call 468-1588 for reservations. $3 fee.

'As You Like It'

On Friday, September 30, 1988, a group of Ms. Nickels' eighth graders from Visitacion Valley Middle School went on a field trip to Golden Gate Park to see the Shakespearean play, "As You Like It".

By Maria Miller

The Play was about a young lady, Rosalind, whose uncle, Duke Frederick, decided to banish her simply because she was the daughter of Duke Frederick's brother, whom he disliked very much.

So, Rosalind's cousin and Duke Frederick's daughter, Celia, who was her very close friend, decided that if Rosalind left, so would she.

However, before they decided to set off for the forest, they found out there was a wrestling match taking place and decided to see it.

Orlando, the winner of the match, seemed to steal Rosalind's heart. So, she gave him a locket with her picture in it. Orlando instantly fell deeply and madly in love with Rosalind.

Later, the two girl cousins discussed their departure and Rosalind decided that if two women would be traveling in the forest, they would need some protection against thieves, robbers, etc. so, they chose to take the clown of Duke Frederick's court along with them. Rosalind also decided to cut her long, blonde hair, dress up like a man and change her name to Ganymede for more protection.

They then set off for the forest where they met Orlando who had also been banished.

But Orlando did not know of Rosalind's disguise because Rosalind did not think Orlando really loved her. She put him through many tests throughout the play.

Of course, the play had a happy ending. Rosalind and Orlando were married with a lot of other happy couples in a group wedding.

A few of my friends felt as great an interest in this play as I did. Any we agreed it was partly a humorous, old English tale updated a little bit to more easily understand. But only with just the right amount to make it a really great show.

SFUSD seeks 'parents'

The San Francisco Unified school District is in need of volunteers to become surrogate parents. A surrogate parent is an individual that represents a handicapped child during the assessment process and throughout the development and implementation of the child's education program.

When does a child need a surrogate parent?

Parent participation in the educational process is an integral part of educational planning for handicapped children. If the child's parent cannot be found after a reasonable effort has been put forth, no parent can be identified for the child, or the child is a ward of the State a surrogate parent must be appointed by the school district.

Who can become a surrogate parent?

People who have an interest in seeing that handicapped children receive appropriate educational opportunities.

Does this interest you?

There will be a training seminar for surrogate parents on November 19th. Please contact Linda Caputo at 565-9286 for further information concerning surrogate parenting or sign up today to attend the workshop.

Election Endorsements

The Little Hollywood Improvement Association has taken a vote to endorse the following people for Board of Supervisors based on the interest that they have shown to Visitacion Valley residents since the last election. Many candidates have come to our meetings only around election time looking for some last minute votes, but these are the ones that have been declared sincere enough, because they are here all year around, to get our endorsement. We all live in Visitacion Valley together and deal with the same problems, so we should all vote for the candidates that will help us the most.

Please vote for: Tom Hsieh, Jim Gonzalez, Mike Hardeman, Angela Alioto, Lee Dolson

We have a lot of choices to make this year with the State and local propositions so recommendations will be made on which number to vote for rather than "yes or no" on the proposition number or letter. These correspond to your voter selection coupon. Except for recommendations for Supervisor, we did not endorse any other local candidate. **Michael Dukakis** was our choice for President.

VOTE FOR THE FOLLOWING NUMBERS:134, 137, 139, 143, 146, 150, 154, 158, 160, 163, 166, 172, 176, 179, 232, 236, 239, 241, 245, 247, 250, 253, 256, 259, 262, 266, 268, 272, 274, 278, 280, 285, 288, 292, 296, 298, 301, 305, 309.

The next meeting of the Little Hollywood Improvement Association will be Wednesday, November 16th, 7 p.m. at 120 Lathrop Avenue, the Korean Presbyterian Church. We will have our own elections for officers that night. Residents from all of VisValley are invited to attend to speak of any issue that affects us all.

PG&E - your partner in business

Architectural and security lighting will help your business by providing higher visibility, increasing safety and improving security during evening and nighttime hours. PG&E currently has a lighting rebate program where we will pay up to a maximum of 30% of the direct project costs of installation of architectural or security lighting. Lighting creates positive publicity and advertising for your business. Well lighted walkways, steps, building entrances and parking areas help avoid hazardous situations. This outdoor lighting also aids law enforcement officers when they patrol your property. It discourages trespassing, theft and vandalism and may decrease liability. PG&E will work with each customer to determine specific needs for their business. We will help you decide required wattages, lamp types, fixtures and placement to produce desired light levels.

PG&E also has another rebate program designed to help your business reduce

energy costs. This program provides $$$ rebates for commercial customers to install energy efficient equipment. Some items that qualify for rebates are compact fluorescent lamps, refrigeration door gaskets

and strip curtains, and energy efficient motors.

To assist you in your needs regarding our lighting rebate program or our other programs, please contact Steve Murphy, your PG&E Marketing Representative at 972-5020.

Neighborhood Notes

By Anne Kaartunen

Public graffiti (initials, names and codes) written or spray painted on buildings and walls is done to announce the taggers identity; seemingly for the sole purpose of leaving one's mark and in a sense, little different from the scent markings left by dogs when they pass trees, telephone poles or fire hydrants.

This past month, graffiti vandals have had diarrhea of the spray can in leaving their tags. The IIV Possee in the House Gang (kids 9-17 years, Spanish & Samoan) is one of the groups most often defacing our neighborhood. Some of this group indulge in park beer parties and petty theft. Will hard drugs be tried next? These kids are our future??? Help!

It is sad, that these youngsters have denied their cultural heritage of strong family support, pride in work and respect for others.

The guardians of our children need to take back parental control or seek help to do so. Youngsters should be accountable for their where abouts, especially after 8 p.m.. Calling the Police does not solve the problem. Our community must work together and take back its streets, parks and property. Families with problem kids may seek free help at Community Board (239-6100), where they may learn to understand and communicate clearly and effectively with one another.

SOON TO HAPPEN:

The Dept. of Public Works will begin to install a four foot wide water pipe down Tucker, Rutland, Leland and Peabody Streets in the next few weeks. We have been told that all residents and businesses will have advanced notice of work days and that safety will be a priority. If you encounter any problems with this project contact Phil Krokover at 550-4922.

Holidays a-la-heart

Be kind to your heart this holiday season. Create scrumptious low-calorie, low-fat, low-cholesterol appetizers, entrees and desserts that will tempt your palate while preserving your heart. The American Heart Association has developed "Holiday A La Heart," a recipe booklet featuring such delectable goodies as stuffed mushrooms, turkey meatballs and peach cake. These recipes, and others presented in "Holiday A La Heart,' are nutritionally sound and taste delicious.

For your free copy of "Holiday A La Heart," send a self-addressed, stamped, legal-size envelope to the American Heart Association, San Francisco Chapter, 120 Montgomery Street, Ste. 1650, San Francisco, CA 94102 or call 433-2273.

SAC/BAC COMMITTEE

Dear friends of the valley,

You are invited to participate in our second annual "Holiday window decorating contest."

Last year we started with just a few windows, we hope the participation will increase and add to the spirit of sharing during the coming holidays.

If you are a school, we invite you to be the artists for the merchants who wish to have their windows decorated for Christmas.

If you are a merchant, we hope you will designate your place of business for our student's artistic renditions.

Students should be supervised by their school's staff; merchants may also do their own windows for the contest, although a school's participation is more desirable, thus adding to the spirit of "community."

Please return the form below, if you wish to participate. There will be three prizes, 1st, 2nd, and 3rd.

Winning windows will be announced on December 23rd, through a posting at Valley Super Market and in the January GRAPEVINE.

young people in our community."

Of Anne Kaartunen, the note emphasized, "Anne Kaartunen has channeled the energy of so many young people into worthwhile activities, forming numerous clubs, and leading a successful drive to clean up the graffiti in the Valley."

Vernon Long also received an equally lavish tribute in the note, "Vernon Long, started a tutorial program for young people between the ages of 7 and 15 years."

The note ended with, "In addition to this, both Anne and Vernon have started athletic programs for the young people in our neighborhood.

The third person I would like to mention is Mrs. Pewtherer. Her serious involvement in what happens at the Saint James Church is quite obvious. Your reporter has been associated with Florence at Saint James since 1971. Her various roles there make a great impact in the valley.

Mrs. Pewtherer is a member of Saint James Session (equivalent to a board) which voted for a resolution making Saint James a peacemaking congregation.

September of each year has been designated the month when the congregation's peacemaking commitment is reaffirmed..

Each Sunday in September a member of

St. James is by resolution a 'peace making congregation

Saint James congregation gives specific examples of peacemaking efforts, in a report called, "Minutes for Peace."

Mrs. Pewtherer says that in September 1988, Saint James church was in a much better position to present bolder examples of peacemaking efforts.

The themes that are lined up for future presentation are: God, the Source of Life; The Lord of Love; Peace, Justice and Righteousness; Peace Requires Reconciliation; The Blessings of Peace; The Blessing of Freedom; Law and Liberty; Liberty and Conscience; Love Requires Justice; and many more.

On September 24, 1989, for specifics, the topic, "The Blessing of Hope: will be discussed at Saint James.

St James holiday boutique

The women of St. James Presbyterian Church will present their annual Christmas Boutique and Luncheon, Saturday, November 5, 1988 from 10 a.m. to 2:30 p.m. at 240 Leland Avenue. For sale will be bake goods, linens, gift items, greeting cards and white elephants.

The money raised is used by the women to purchase needed items for the church and to meet their obligations during the year.

Everyone is welcome to this popular annual event. Luncheon is served from 11 a.m. to 1 p.m.

Annual Harvest Fest Banquet to celebrate SLUG's 5th birthday

Wendy Johnson of Green Gulch Farms will be the featured speaker at The San Francisco League of Urban Gardeners celebration on Sat., Nov. 12 at 6 p.m. at the County Fair Building in Golden Gate Park. A festive evening of delicious seasonal food, entertainment and good company is planned.

GRAPEVINE VISITACION VALLEY

Gleeson

continued from Page 1

People are getting the message that they must get involved. We have to encourage people to use their churches, schools, and centers as rallying points." declares Gleeson. "I want people to take pride in their community and declare their citizenship. We have tremendous resources, good committed people, and we're allowing less than 5% of the population ruin things for 95% of us."

In the few months that John Gleeson has been police captain in the Visitacion Valley, Bay View Hunters Point and Potrero Hill communities, he has been a visible presence, attending community meetings, participating in planning discussions and encouraging his officers to build bridges to young people through sports and school activities.

Gleeson is determined to make our streets and buses safe and to remove the fear that has bound the elderly and frail to their barricaded homes.

Born and raised in San Francisco, Gleeson attended St. James Elementary, Sacred Heart High School and University of San Francisco. He served in Vietnam and returned to complete his university studies at Golden Gate University.

Since becoming a San Francisco Police Officer, Gleeson has always been at the forefront of new programs such as the field training program he helped develop.

Gleeson is well qualified to tackle the dangerous problems in Visitacion Valley. He worked his way up through the ranks of the department in community relations, the bomb squad and a SWAT team.

I want people to take pride in their community and declare their citizenship.

Recently Capt. Gleeson was one of two candidates from California selected to attend the national F.B.I. Academy for four months of special training at the Quantico, Va. facility.

"It's going to be tough to leave my wife and children for four months, and it's going to be particularly hard on my wife, but I am grateful for this opportunity to study at the Academy," remarked Gleeson. The Gleesons have a son, 16, a daughter, 15, and a married daughter, 21.

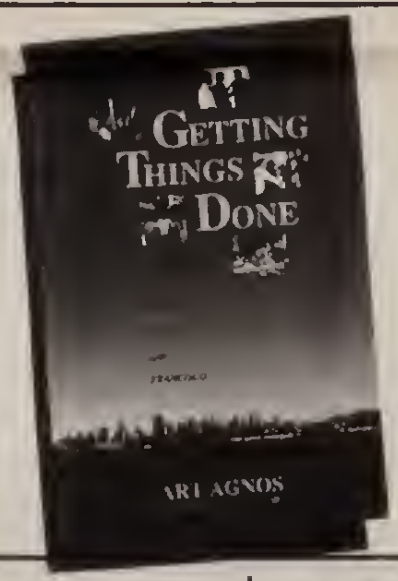
Proposition U is Unfair to San Francisco, and you!

That's why neither Mayor Agnos nor pro-rent control Supervisors have endorsed Prop U.



"A fair system of rent control balances the rights of renters with the legitimate rights of responsible landlords."

—Candidate Art Agnos
Getting Things Done

"Prop U is too extreme. I don't intend to support this initiative."

—Mayor Art Agnos

"In 1984 I voted for vacancy control, but I can not support Proposition U. Prop U is too extreme and destroys all incentives to create desperately needed new housing."

Supervisor Willie B. Kennedy

"Prop U will deteriorate existing rental housing and cost the City millions that could be better spent on services for those in need."

Supervisor Tom Hsieh

"Across-the-board vacancy control just doesn't work! I support direct, positive action towards solving the City's housing crisis, no 'quick fix' measures which create the permanent disincentive to maintain and produce more housing stock in this City. Vote NO on Proposition U!"

Supervisor Jim Gonzalez

Keep our fair rent control laws working.

Vote NO on Prop U!

What's wrong with this picture?

PG&E is spending a fortune saturating the city with this "cost/benefit" No-on-Z advertising.

But it isn't your cost & benefit they're worried about!

They never explain their arithmetic. They hope you'll just take their word. (We hope you won't!)

$28 million/yr is SF's profit, selling "excess" Hetch-Hetchy power out of town Zero is our profit if we break these contracts - - and don't replace them.

But that's not what Prop. Z would do, and PG&E knows it. They just hope you don't.

That $28 million is $53 million LESS than we should be making, by official estimate of Supervisors' Budget Analyst Harvey Rose; we sell it for less than half its value!

IT COSTS ABOUT 1¢ PER KILOWATT-HOUR TO PRODUCE AND DISTRIBUTE HETCHY ELECTRICITY. AFTER MEETING GOVERNMENT NEEDS, WE SELL "EXCESS" AT 3½¢/KWH, AVERAGE, MAINLY TO THE MODESTO/TURLOCK IRRIGATION DISTRICTS (WHICH RE-SELL IT AT 6.7¢/KWH).

MEANWHILE, SAN FRANCISCANS PAY PG&E 9¢/KWH.

40% OF HETCHY POWER GOES TO GOVERNMENT.

60% IS SOLD, CHEAP, OUTSIDE SAN FRANCISCO.

0% GOES TO THE SF RESIDENTS & BUSINESSES WHOSE TAXES FINANCED THE DAM.

Prop. Z tells City Hall: OBEY THE RAKER ACT - SUPPLY CHEAP POWER TO SAN FRANCISCANS, IN COMPETITION WITH PG&E.

That would "cost" PG&E.

But it would benefit the rest of us!

WHAT THE 1913 RAKER ACT SAID SF COULD PRODUCE BY DAMMING HETCH-HETCHY VALLEY: "POWER FOR THE USE OF ITS PEOPLE".

WHAT CONGRESSMAN RAKER SAID SF IS TO DO: "SUPPLY ITS OWN INHABITANTS FIRST".

WHAT THE 1940 US SUPREME COURT SAID: "CONGRESS CLEARLY INTENDED TO REQUIRE, AS A CONDITION OF ITS GRANT, SALE & DISTRIBUTION OF HETCH HETCHY POWER EXCLUSIVELY BY SAN FRANCISCO AND MUNICIPAL AGENCIES DIRECTLY TO CONSUMERS, IN THE BELIEF THAT CONSUMERS WOULD BE AFFORDED POWER AT CHEAP RATES, IN COMPETITION WITH PRIVATE POWER COMPANIES, PARTICULARLY PACIFIC GAS & ELECTRIC CO."

WHAT THE 1973 SF GRAND JURY SAID: "THE TIME HAS NOW COME TO BRING OUR POWER HOME -THIS IS NOT A CASE OF THE CITY ACQUIRING POWER RIGHTS. WE HAVE HAD THEM FOR TWO GENERATIONS. IT IS TIME THAT THE CITIZENS SHOULD REALIZE THE FULL BENEFITS OF THIS ENORMOUS RESOURCE OF ENERGY WHICH WE OWN".

WHAT THE SUPERVISORS' BUDGET ANALYST SAID ABOUT THE 1988 CONTRACTS: "NOT RECOMMENDED"

WHAT ATTY. MELVIN BELLI SAYS: "THE CITY IS STILL VIOLATING THE RAKER ACT. THE CONTRACTS ARE NOT JUST A BAD DEAL; THEY'RE ILLEGAL. WE HAVE EVERY RIGHT TO VOID THEM. NOBODY CAN SUE US TO ENFORCE ILLEGAL CONTRACTS".

WHAT PROP. Z TELLS CITY HALL TO DO: "ARRANGE FOR FULL IMPLEMENTATION OF OUR RIGHT TO HETCH-HETCHY POWER".

VOTE YES! FOR YOUR HETCH-HETCHY POWER RIGHTS!
